The points scored from the top 3 riders from each team, in each stage, will be totaled for the Team competition. Ties will be broken by totaling the number of 1st place finishes, then 2nd place finishes, then 3rd place finishes, etc., until a clear winner is established.

## BREAKING TIES

In the event that two or more riders are listed in the official results with the same time (or place), both riders will be given the point value of the highest place, and no rider will be given the point value of the lower place(s). For example, if two riders tie for third in a race, each of the riders will be given the points for third place, and no rider will be given points for fourth place.

While the stage race is in progress, all riders with the same total points will be given the same place in the standings. At the end of the stage race, if two (or more) riders are tied for any place, ties are broken by totaling the number of 1st place finishes, then 2nd place finishes, then 3rd place finishes, etc., until a clear winner is established.
